VOL. XXIX.

STANFORD, KY., TUESDAY, OCTOBER 29, 1901. 3 P M

NO. 69

MIDDLEBURG.

Our correspondence for Friday's issue was lost last week too late to be rewritten.

Mr. D. G. Elliott is much better at this writing. Mr. James Wells, who was dangerously ill of pneumonia at our last report, is recovering. Mr. Elijah Lanham is sick.

Shannon, the five year-old son of John J. Lucas died Wednesday after a two days' illness of scarlet fever. Interment in Middleburg cemetery on Thursday, after a beautiful funeral discourse by Rev. Ferrell.

M. W. Jones, the peoples' candidate for county judge, has been out in the bushes the past week in the interest of his candidacy. Mr. Jones is highly elated over his chances of success and assurances of support from the various sections of the county—from men regardless of political affiliation.

J. T. and J. W. Short have purchased of T. H. True, of Yosemite, the hotel and livery property formerly run by J. T. Short, Jr. They also bought the back line from Yosemite to McKinney. Mr. True has moved into his new cottage on Race Street, Middleburg, where he will be located at least temporarily.

The Epworth League held a business meeting Monday night which was well attended. The E. L. will conduct appropriate exercises Thanksgiving day and will give a supper in the evening at the college, for which a small sum will be asked. This society, though only lately organized, is in a flourishing condition.

This year's apple crop is the largest yield in Casey for years. Wagon loads of the fruit pass through here almost daily en route to Danville, Harrodsburg and other Central Kentucky points. The dried apple crop is also immense. The shortness in some crops will be made up in others, so our people will have cause to be thankful as of yore that they are spared another year.

Miss Minnie Sweeney has returned from Louisville, where she visited last week. Dr. A. K. Caldwell, a rising young physician of Waynesburg, called on his best girl here Sunday. M. W. Jones was in Liberty Monday on business. V. R. Coleman, who is holding down a lucrative position with the C. & O. at Thurmond, W. Va., visited relatives here, returning Tuesday. Oscar Lanham visited relatives at Stanford last week.

Mr. Rice Wilson lays claim to the prize pumpkin of the season. He raised one in the bottom that tipped the scales at 70 pounds. It was quite a job to load the pumpkin in a two horse wagon for conveyance to the house. Hart Coffey sowed a three acre corn lot in wheat. The ground was so thickly studded with pumpkins that in harvesting the harrow never once touched the ground for bouncing over the pumpkins. We know this is a big one but true nevertheless.

Every true Kentuckian and Southerner, regardless of political faith, will resent the president's banqueting Booker Washington. We believe that the Negro should be given all the civil rights guaranteed him by the constitution of the United States, but by all means draw the line on social equality. The following from the Atlanta Journal is quite opportune: "Every Negro in the South will feel a shade white now that one of his own color has had the privilege of eating at the same table with the president's family. The Southern race problem can never be settled so long as men like Roosevelt persist in adding fuel to the flame."

One William Helm is an avowed candidate for county judge, running independently, though no one is treating his candidacy seriously. His name will go on the ballot backed by a hundred or more petitioners. M. E. Tartar, who is running independently for county attorney, is creating quite a stir and his vote will be surprising, though we are glad to say he is receiving no encouragement from sensible democrats. The billingsgate that he has heaped on democrats when running for office in other counties, has come home. We predict Mr. Taylor's election by a safe majority. To political oblivion with every bolter seeking office, no matter what his politics.

STRICKEN WITH PARALYSIS.

Henderson Grimes, of this place, was stricken with partial paralysis and completely lost the use of one arm and one side. After being treated by an eminent physician for quite a while without relief, my wife recommended Chamberlain's Pain Balm, and after using two bottles of it he is almost entirely cured.—Geo. R. McDonald, Man, Logan County, W. Va. Several other very remarkable cures of partial paralysis have been effected by the use of this liniment. It is most widely known, however, as a cure for rheumatism, sprains and bruises. For sale by Craig & Hocker, Druggists.

Robbers looted the Illinois Central depot at Morgantown and escaped to Indiana.

Crab Orchard.

Mrs. John Hunter is on the sick list. Will James has been quite ill, but is reported better.

Misses Pearl Collins and Fannie Redd are visiting friends in Stanford.

Dr. J. S. Stapp lost a very valuable family horse Friday from lung fever.

Mr. and Mrs. D. B. Riggs returned Saturday from an extended trip to Indiana.

Mr. John Buchanan, of Louisville, spent a few days with his mother, Mrs. Jane Buchanan.

Mrs. Altze Singleton entertained friends Friday night in honor of Miss Ewell of Louisville.

The past week was an eventful one for Crab Orchard. David Smith's residence was burned to the ground. The origin of the fire is unknown, but the weather being very dry, a spark may have fallen upon dry leaves on the roof. The family was awakened about ten o'clock and found the building in flames. Being out of the town limits, very few persons knew it in time to render assistance, hence most of the contents were destroyed. A very fine cook stove and the organ were saved.

There was an insurance of \$1,000 upon the building and \$200 upon the contents. The family is temporarily domiciled in a little house near the Springs hotel. The citizens are manifesting their sincere sympathy in substantial ways. Mr. Smith will rebuild immediately. The building containing the barber shop of the Springs hotel caught fire Monday morning, but by the timely assistance of passers-by and others the fire did but little damage. J. C. Hays lost his barn and contents by fire Saturday morning at four o'clock, origin unknown, and a Mr. Ham, just on the edge of the mountains, suffered the loss of his house by fire, so it seems that the firebug has been busy in his work.

KINGSVILLE.

Mrs. Clara Pears and two boys, of Detroit, accompanied by her sister, Mrs. Della McKee, visited relatives in Rowland last week.

Mrs. Chevolette entertained with an elegant dinner Sunday in honor of her son and his bride. Quite a number of guests were present, including three ministers of the gospel.

Master Jesse, the little son of Mr. and Mrs. Logan Walls, died Friday of pneumonia. He was a bright, pretty child aged two years. Interment in the Pleasant Point graveyard.

The protracted meeting at the Christian church still progresses, conducted by Rev. Mr. Berry, of Henderson. Rev. Dr. Allen returned Sunday and remained a few days. There have been two additions to the church.

John Walls, of Stanford, is here to attend the burial of his little nephew, Dr. C. M. Thompson, returned from Cincinnati, Ludlow, & Co., Friday. Mrs. Josie Inman and two children, of Pineville, have been the pleasant guests for the past week of her brothers, W. L. and J. M. McCarty. Mrs. Inman and children are en route to their new home in Colorado, where her husband has located. W. R. Cundiff and wife are visiting in Lexington. John Howe has made an excellent pro tem. agent while John E. Creighton has been "holding down" the night office. The latter was called to Wilmore Saturday. J. M. McCarty is at home from Cincinnati, where he purchased a large stock of fall goods. W. L. McCarty will go to the cities this week.

Jacob Reynolds, the abductor of Annie Clark, the five-year-old daughter of Mrs. S. B. Clark, of Green county, who was reported to have been captured in Tobinsport, Ind., has eluded the officers and has made his escape with the child, who proves to be his daughter. He has notified the mother that she will never see the child again, and declares he will retain her at the peril of his life.

In anaemia and most women's ailments the digestion is weak, the making of color, flesh and strength out of food is imperfect so that the patient is weak, wan, nervous and dyspeptic. This condition can be corrected by taking a course of HERBINE. Price 50c. For sale at Penny's Drug Store.

In his annual report Gen. Nelson A. Miles gives the total strength of the army at 84,518, and 43,359 of these men are in the Philippines.

Get a free sample of Chamberlain's Stomach and Liver Tablets at Craig & Hocker's drug store. They are easier to take and more pleasant in effect than pills. Then their use is not followed by constipation as if often the case with pills. Regular size, 25c per box.

Gen. Miles in his annual report says no injury has resulted from the anti-actin law and in the main the law has been beneficial.

The death of Wm. Gagan, of Louisville, revealed the fact that he had married Miss Della Canfield three years ago.

MATRIMONIAL.

O. D. Miller, aged 50, and Miss Susan Frances Breedlove, 21, were made one Sunday.

Rev. O. P. Link, of Cullman, Ala., committed suicide because his sweetheart died.

Lovell Gover and Miss Mollie Jones, popular young people of Somerset, were made one last week.

Henry Jones, 16, and Miss Mary White, 14, were married with the consent of parents at Laporte, Ind.

When Will Auxier returned from his elopement from Mason county to Ohio, the girl's brother covered him with a gun and her father took her home.

For his army Uncle Sam advertises for "unmarried men" only. Upon the theory, doubtless, that all fight has been taken out of the married ones.

Judge Thomas M. Cardwell, until recently a citizen of Harrodsburg, but now post-trader at White Rock Indian Agency, Utah, and Miss Kittle Hanna, of Mercer, were married in the parlors of the Galt House, Louisville.

Joshua Hodge, aged 52, and Rosana Scalf, aged 51, were married at Lily. Richard Hodge, aged 24, son of Joshua Hodge, and Nancy Scalf, daughter of Rosana Scalf, were married the same day at the same place.—London Democrat.

In the notice in your last issue of the marriage of Miss Gertrude Pennybacker to Dr. Allen, of Somerset, your correspondent was unable at the time, to depict the closing scene that followed the elegant and sumptuous dinner, of which not less than 100 guests partook. Louisville, Lexington, Chattanooga, Knoxville and Somerset were well represented. The numerous and gay party showered rice in abundance upon the happy young couple as they started to the train to take their departure. The wedding presents were very numerous and elegant and also very useful, which last is not always the case. D. M. C.

Justice of the Peace Van Wyck's office in Hoboken was the scene to-day of the quickest marriage on record, says a New York dispatch. The contracting parties were Wicher Stagler and Margaret Jong. They both met in the justice's office, where they had business, for the first time this afternoon. Stagler was attracted by Miss Jong's beauty. He eyed her with a sweet smile and then told her he would give her all the world for her. "Well, what's to hinder you from marrying me? There's the Judge," she replied. In three minutes Justice Van Wyck was reading the words that were making the couple man and wife.

WOMEN AND JEWELS.

Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power, to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get Dr. G. G. Green's reliable remedies at Penny's Drug Store. Get Green's Special Almanac.

The Nashville Methodist Publishing House got its war claim by means of false pretenses, but the bad matter is not going to be bettered by false pretense of a desire to return the ill-gotten gains to the treasury of the United States. It is a case of "the less said, the sooner mended"—or ended.—Louisville Times.

Happiness depends very much on the condition of the liver and kidneys. The ill of life make but little impression on those whose digestion is good. You can regulate your liver and kidneys with HERBINE and enjoy health and buoyancy of spirits. Price 50c. For sale at Penny's Drug Store.

A will drawn by Vice President Hobart, a very shrewd lawyer, has been set aside at Patterson, N. J., because three children were born after its drawing and no codicil provision was made to the will for them.

A WORD TO TRAVELERS.

The excitement incident to traveling and change of food and water often brings on diarrhoea and for this reason no one should leave home without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by Craig & Hocker, Druggists.

Anderson McLain, a Robertson county, Tenn. Negro, sprinkled Paris green on the face of his wife while she slept, in the hope that it would kill her. It didn't and officers are looking for him.

An article in a recent issue of a Missouri paper was headed Dumm-Mumm, and explained how Miss Mumm became Dumm. Most women who are Mumm are also Dumm.

Capt. W. C. Curd, United States Commissioner, and one of the oldest and most influential citizens of Somerset, died Saturday of paralysis. He was a Confederate soldier, for years a leader of democracy in Pulaski and well known in here.

At a meeting of the stock-holders of the Rockcastle County Fair Association held at Brodhead, J. W. Tate was elected president; R. G. Williams, vice president; J. Thomas Cherry, secretary; and A. E. Albright, treasurer. R. H. Ham, Per Rigby and Granville Owens were chosen as directors.

Cunningham were made honorary vice presidents. Secretary Bright reported the association to be in a flourishing condition financially. The debt is reduced from \$1,500 to \$2,000, with a good sum to their credit still in the bank.—Danville Courier.

POLITICAL.

Perry Heath is a candidate for U. S. Senator from Utah.

Booker Reed has changed his mind and will support the Sapp ticket in Louisville.

It took 294,064 sheets of paper 26x40 to print all the ballots in the State and it weighed 52,920 pounds.

President Roosevelt's message to congress will recommend the creation of a cabinet department of industries. Senator Mason, of Illinois, says Senator Foraker, of Ohio, is the logical republican candidate for president in 1904.

Major Henry T. Allen, formerly of Bath county, was appointed chief of the Philippine constabulary at a salary of \$4,000.

Judge Dishman has decided that William Marcum is the republican nominee for county clerk of Clay county, and has issued an injunction to prevent the name of J. W. Wright from going on the ballot under the log cabin.

An exchange makes this nice mention of our brother: Every newspaper man in Kentucky wants to see Editor W. P. Walton elected railroad commissioner for the 2d district. He is in every way deserving of it, and the best all-round journalist in Kentucky.

The Sixth district will have ten democratic votes for sure in the democratic caucus next winter and may have more, at least one more. It is reasonably sure that the Hon. James B. will get every vote of the Sixth, and as this will be about one-third enough to give him the nomination, and then he has his own district, the Eighth, almost solidly behind him, nearly all of the Ninth, and a part of the Seventh, it makes his nomination and election a foregone conclusion, and this as it ought to be. James B. McCreary is the biggest democrat in Kentucky politics to-day, barring Jo Blackburn and one or two others whose names it is not necessary to mention.—Williamstown Courier.

A Card of Thanks.

Through the illness and in the death of our son, Willie, we desire to thank our friends and neighbors for their prayerful attention and assistance, and to all alike we are under obligations that can only be settled through the summons that our boy answered—death. To Mesdames Laura Moore and Emma Farris, who so unflinchingly and gladly kept watch from start to finish, be it said that words are of inferior meaning to express the gratitude and love in the hearts of Father and Mother.

FOR a second time Caleb Powers has faced a jury of his peers and a second time he has heard a sentence for life for the foulest crime of the nineteenth century—the conspiracy to assassinate William Goebel, which was carried into full execution. That this man was the head of the conspiracy, no one who has read the evidence or knows the circumstances surrounding the case at Frankfort, can truthfully gainsay. Nor can any one not blinded by mean partisanship deny that he has not had a fair and impartial trial. The fact is, Judge Cantrill allowed the defense too much latitude and permitted the accused to argue his case when he was supposed to be testifying. We cannot see how the jury could fail to find a death verdict under the evidence and instructions, but they are the judges of that. Three of them were for the death penalty on the first ballot. It is the irony of fate that a classmate of Powers should have been foreman of the jury that tried him. Speaking of it afterwards he said that Powers was the brightest fellow in his class and he liked him, but could not let that interfere with his oath. When the verdict was announced, one woman kissed the prisoner and several men embraced him, but he showed no emotion whatever. The counsel for the defense immediately moved for a new trial, which being refused an appeal was taken and Powers was ordered back to the jail at Frankfort. A bill of exceptions is promised for the February term, but it is hoped that the attorneys and convict will think better of it and accept the inevitable, which in this case is far too good.

By your remaining at home and not voting next Tuesday the county may be thrown again into republican hands. No taxpayer can afford to have the county's affairs placed in the hands of a party which has time and again proven its inability to manage public affairs. Vote and see that your neighbor does likewise and the blame can not then rest on your shoulders.

THERE is none of the turncoat element asking for office in the democratic ranks; the ticket is composed of true blues all along the line. A few years ago the republican nominee for sheriff was a democratic officeholder. Some difference; which will you choose?

THE management of the county's affairs by a democratic fiscal court has proven most economical and satisfactory. Insure another term of good management by voting in the CIRCLE under the rooster Tuesday next.

EDITOR CAMPBELL, of the Somerset Journal, is justly mad because some one denominated him an "oil maggot." The oil maggot may whip somebody about the matter yet.

ROOSEVELT celebrated his 44th birthday Sunday. It seems to us he is old enough to know better than to dine Negroes at his table in the White House.

LEON F. CZOLGOSZ was electrocuted at 7 o'clock this morning in Auburn prison, New York, for the assassination of President McKinley. His body was secretly buried in the ground controlled by Auburn prison and not a relic or memento of the assassin will be allowed to go outside the prison walls.

ONLY a week until the election. Spend the time working for the splendid ticket which will be found under the rooster on the ballots.

EVERY newspaper man in Kentucky sympathizes with Editor S. F. Rock, of the Richmond Register, in the loss of his aged father.

AN ice cream trust is being organized in Indianapolis. It is to be hoped that Taylor will be frozen out.

Thirty persons are said to have been killed as the result of a race war at Baltown, La., near the Mississippi line. Militia from both States has been put under orders, and the troops from Mississippi are already on the scene. The trouble began at a camp-meeting Sunday as the outgrowth of the lynching of a Negro for criminal assault. Ten persons were killed Sunday and one was perhaps fatally wounded. Five hundred men at once armed and began a hunt for the Negroes, many of whom fled across the Mississippi line.

Boyle county republicans have issued a circular charging that the democrats have failed to publish the yearly fiscal report of the county; that they have displayed favoritism in letting the contract for the workhouse, and that the salary of the county attorney was increased in violation of the constitution. In reply to these charges, Robt. Harding, present county attorney, has announced that he will speak at Perryville, Junction City, Parksville and Danville, and challenges the writer of the circular to appear and make his charges good.

Bourne reported hogs at \$15 to \$45, aged mules \$45 to \$85, mule colts \$18 to \$35, sows and pigs \$16 to \$26.

Do not forget that the present president of the United States is the beneficiary of assassination, which he openly endorsed and condoned when he introduced Fugitive Taylor to the National republican convention at Philadelphia as a martyr and promised him a safe retreat in New York. Maybe there was method in his madness. At any rate it bore fruit and landed him in the highest office in the republic. Such a man is not near so good as the Negro he would put on equality. Booker Washington is as far above him as the sun is the earth.—Harrodsburg Democrat.

The editor of one of our exchanges in addressing his correspondents who are continually writing obituaries makes a plea like this: "Don't, oh please don't, end your effusion on the dear departed with the little piece of poetry that swings off something like this: 'A precious one from us has gone; a voice we loved is still, etc.' This has been run in some 'steep million country papers in the civilized world 100 times in each and it is beginning to lose its youthful beauty."

To tell good eggs, put them in water; if the butt end turns up they are not fresh.

Don't Delay Coming.

A tooth brush is a little thing, but it pays to use a good one and it is well to buy them at the right price. We have a splendid stock of the best sorts of tooth brushes; genuine tooth savers, and we make close prices on them. Also carry a line of the best dentifrices, pastes, powders & liquids.

OVER A HUNDRED.—The banisters of the house Walter C. Greening is building for his father at Hustonville have timber in them which is over 100 years old. It came out of the old Givens house and is yet as sound as a dollar.

MR. RALPH BINGHAM, personator, humorist, violinist, vocalist, raconteur, excelling in each department. Most versatile entertainer on the American platform today. Will appear at Walton's Opera House, Wednesday night, Nov. 6. Admission 50c; children 25c.

IMPORTANT.—Don't fail to attend the sale of J. W. Allen at Hustonville Thursday next. A very desirable home and valuable land adjoining Hustonville will be disposed of and somebody will get a bargain. Stock, crop, household and kitchen furniture is also to be sold.

SHOT IN THE NECK.—Joe Lair was shot in the neck by John Tankersley, Sr., at a house of ill repute on Fall Lick Saturday night and probably fatally wounded. Deputy Sheriff J. L. Shaanon arrested Tankersley and placed him in jail where he will remain until the condition of the wounded man improves.

GIBSON.—Pretty little Josephine Gibson, the 10-year-old daughter of the late Eld. John Bell Gibson, died at Williamsburg Saturday afternoon after a two-days' illness of lung trouble. She was a beautiful child and made scores of friends here during her protracted visit a few months ago. Mrs. S. J. Embry, of this place, was very devoted to the little one and is greatly grieved over her untimely death.

THE Smith & Withers Oil Developing Co. is the name of a new oil company just organized. A. W. Smith, J. M. Withers, A. G. T. Smith, J. A. Quisenberry, J. B. Rinearsen, Robert Harding, R. E. Puryear and A. E. Hundley, most of them Boyle county citizens, are those financially interested. The company has several hundred acres of land near Jumbo, this county, where experts say oil surely exists and drilling will commence soon. The capital stock of the company is \$50,000 and the shares are \$10 each.

THE stockholders of the defunct Somerset Banking Co. are called on to pay \$38.60 per share, which doesn't set very well with the many Lincoln county people who were unfortunate enough to hold stock in that badly managed institution. It is not unlikely that they may be called on for double the amount of their holdings, which a very bad law compels them to pay if the receiver finds it is necessary. The depositors have to be paid in full, the receiver has to be well paid, while there are many other expenses that have to be met, such as lawyers' fees, rent, etc. It is a pity that the stockholders did not organize and secure good legal talent to make a thorough investigation as soon as the bank's doors were closed, then the blame might have been placed on those responsible for wrecking the institution and they could have been punished accordingly.

EPH BAILEY, colored, had a foot badly mashed by getting it caught in a hay baler Saturday.

BANK STOCK SALE.—Mr. J. F. Cash sold to Mr. J. C. Hays 84 shares of stock in the Lincoln National Bank at \$110.

THE oldest inhabitant can not recall a more beautiful and delightfully pleasant October than the present has been and is.

Cummins & McClary will give away the fine \$50 dinner set now in their window. One ticket with each \$1.00 cash purchase.

ACQUITTED.—Daniel Heister, of Kingsville, was acquitted at Covington for having in his possession "moonshine" brandy.

THE Stanford Telephone Co. is putting up a line to Hustonville and another out the Knob Lick pike as far as Mr. E. P. Woods'.

Mr. J. M. PETTUS bought Mrs. Kate Miller's desirable property on Lancaster Street Saturday for \$2,305, which is regarded dirt cheap.

REMEMBER that Ralph Bingham, the noted entertainer, will be at Walton's Opera House Wednesday evening, Nov. 6. Secure seats now.

THE J. M. Phillips property on East Main Street did not sell Saturday afternoon, owing to a misunderstanding. The lots will be sold privately.

NEWS comes that both Samuel W. and James T. Menefee have taken the stump for their father. The latter was one of the speakers at a meeting in Macksville last night.

DIED OF HIS BURNS.—Jack, the two-year-old son of Mr. and Mrs. John Taylor, of Bradfordsville, was so badly burned last week that he died a short while afterwards. The little fellow was a grand-son of Mr. George Miller Givens, of the West End, and was an unusually bright and interesting child.

KING.—Gracie, seven-year-old daughter of Mr. and Mrs. L. C. King, of the Hubble section, died a few days since of diphtheria croup. She was a sweet child and was almost worshipped by her parents who are crushed by her death. Mr. and Mrs. King ask us to thank their friends, who were so kind in their little darling's illness.

A DISPATCH from Danville says: J. W. Linece, who holds the record for having the most children of any man in Kentucky, has an old grant to 1,500 acres of land in and about Crab Orchard. The land was owned by a great-uncle of his in 1792, and was abandoned. It is worth \$5 per acre, and will make Mr. Linece a nice little sum for his old age. He is a shoemaker, and has raised a family of 28 children. Only a few squatters are on the land, and they make no claim to it.

GOOCH.—Mrs. G. Fred Gooch, who was a daughter of Mr. Wilson Gooch, died at her home near McKinney Sunday afternoon after a lingering illness of typhoid fever, aged 28. She was a strict member of the Christian church, was a good woman and most devoted wife. She had no children but a young husband is left and in his dark hour he has the sympathy of the entire community. The remains were interred in McKinney cemetery yesterday afternoon in the presence of scores of friends and relatives.

GARRARD democrats are feeling good over their prospects of success and it is almost conceded that the excellent ticket will win from top to bottom. The republican nominee for judge over there doesn't seem to think that the democrats have everything their way, however, as he took enough of his valuable time to work with the colored brothers for awhile at Hustonville Saturday night. He had better attend to his own race or Mr. A. D. Ford will make him think he was hitched to hay after the ballots are counted.

THIS is the way the editor of the Harrodsburg Democrat talks to the Alecks who desire to dictate the policy of his paper: Every now and then a fellow orders his paper stopped because he doesn't like something that has appeared in it. We are always glad to oblige such individuals, preferring not to have anything to do with those who imagine that for their little dollar we must run the paper to suit their individual ideas. It is our intention to treat everybody fairly, extending nothing nor setting down ought in malice, but it had just as well be known now as later that we are going to run this paper to suit ourselves whether school keeps or not, and if every man who thinks otherwise discontinues his paper. Verbum sat, sap.

THE residence on West Main Street, occupied by Mr. W. P. Walton, is for sale. Apply at this office.

HOUSE and Lot next to L. & N. crossing on Danville Street for sale, cheap for cash. Mary Lytle.

NOTICE TO TAXPAYERS.—Six per cent. penalty will be added to all city taxes not paid before Nov. 1, 1901. L. R. Hughes collector.

THE Mt. Vernon Colonel says that Pete Hampton, of Stanford, and T. Griffin have opened a grocery and lunch stand at Livingston.

THE ballots are printed and ready for the voter. Over 7,000 were made for the county races, the law requiring 50 per cent. more ballots than there are voters.

ON the docket of the November term of circuit court which begins Monday there are 80 Commonwealth cases; 7 ordinary appearances; 18 equity appearances; 15 ordinary and 78 old equity cases.

VOTERS in No. 2, known as "Macksville precinct," will vote in the Sine store room on Depot street instead of in Supt. Singleton's office as before. Democrats should bear this in mind; republicans are sure to.

MAKES HER OWN THREAD.—Mrs. Joel Hubble, of the Waynesburg section, doesn't like store thread so she makes her own and a sample of her flax thread shows that she knows how to make it. She is over 80 years old.

DR. MONICAL SOLD.—W. F. & J. O. McAllister, of Moreland, have sold to C. K. G. Billings, owner of the Memphis trotting track, their great pacer, Dr. Monical, for \$5,000. Messrs. McAllister have won a big sum on their horse this season.

DON'T let the republicans scare you out of coming to town to vote by the silly report that there will be fights galore here that day. There's no danger, whatever; it is only a scheme of the enemy to keep democrats from the polls.

WHERE IS HE?—The father of Jim Herrin Moser, who lives in this county, wants to know the whereabouts of his son of the above name. The boy is 18 years old, has dark hair, heavy eyebrows, is heavy set and large for his age. Write to this office.

NOT a lecture. An original entertainment by America's favorite artist, presenting an evening's program of song, music and story of the most enjoyable character and the highest order. Ralph Bingham is now on his 23rd annual tour and will appear at Walton's Opera House Nov. 6. Don't miss the opportunity of being entertained by one who will make you laugh with him and cry with him.

LAWYERS here having decided that two of the three Crab Orchard municipal tickets had a sufficient number of petitioners, the people of that little city will be given the choice of the following tickets, instead of having to use blank ballots, as previously stated: "People's Ticket," Police Judge A. W. Buchanan, trustees, J. W. Guest, W. A. Beazley, Joseph Pleasants, W. L. Bell, marshal, J. A. Shaanon; "Citizen's Ticket;" No candidate for police judge, trustees, J. W. James, Dr. J. D. Pettus, James Jones, Sam Tatum, marshal, J. G. Riddle.
